DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 05/24/10 has been entered.

Allowable Subject Matter

1. Claims 1-3 and 7-18 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 17 and 18, the prior art of record teaches of methods and apparatus for collecting and processing uplink received signal level data and downlink geolocation data over a wireless system.

The prior art of record fails to teach of **gathering signal strength data of received uplink signals of subscriber mobile units as measured and collected by a cell site, the mobile units being in active communication with the cell site and using an active communications channel of the wireless system; gathering downlink geolocation data corresponding to the mobile units, the downlink geolocation data measured by the mobile units; forming data pairs by identifying the gathered geolocation data and the gathered signal strength data corresponding to the same mobile units and by selecting the geolocation data**

and the measured signal strength data received within sufficiently close temporal proximity to a reference time stamp to identify data from the same mobile unit; generating a set of data pairs correlating measured signal strength values to specific geographic locations throughout said wireless system; and analyzing said generated set of data pairs to evaluate system performance within said wireless system, wherein each of the steps are performed without drive testing.

Claims 2-3 and 7-16 depend on claim 1; therefore, they are allowed for the same reasons as set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
